

Welcome Message:

Dear Colleagues, Scientists, Researchers and Friends,

The aims and objectives of this unique Conference are to promote the highest standards for the management and support of researchers in Magnetism & Magnetic Materials, and to offer the up-graded knowledge about recent developments in these fields. To have a glance at new research and technology in the core fields of Magnetism and Magnetic Material Research. Throughout the world. This conference gives you great opportunities for the speakers and delegates to exchange new ideas, and to establish research and/or business links, as well as to build global partnership for potential collaboration.

Our personal goal is to open a Forum to facilitate the exchange of knowledge and experience and to invigorate the field with young scientists, researchers, business entrepreneurs and specialist in the regulatory affairs. The Conference will secure the participation of many established leaders in different specializations and will open a green light of focusing on the generation of solutions to the many challenges existing today in magnetism & magnetic field. Specific proposals to encourage investment in innovation for the improvement will also be presented.

In the sense, the theme reflects our willingness and enthusiasm to offer a really innovative and imaginative Program whilst presenting attractive lectures and sessions with well-balanced inputs from academia, industry and policy makers. The Conference will provide the ideal forum to stimulate ideas and establish collaborations as well as to initiate intense discussions to secure projects of the newest generations and to feature a highly interactive, stimulating and multi disciplinary Program including workshops, plenary sessions and panel discussions. We hope that, despite the intense scientific program, you will be able to get some glimpses of the wonderful Venice, one of the most fascinating city in the world. The charm of its canals, historical buildings, narrow streets, and romantic bridges will capture your eyes and your heart and will remain in your memory for ever.

You are Welcome: enjoy the Conference and the beauty of Venice!
